FOR SALE FREEHOLD

The deceptive exterior conceals a completely reimagined home that offers excellent space for family living with four bedrooms and four bathrooms. The space provides flexibility and could be future proof with two bedrooms and bathrooms at ground floor and two at first floor level. The home has been finished to a very high standard with the immaculate presentation showcasing the contemporary design whilst large windows frame the stunning south westerly views over the Cockington Valley. Outside terraces are positioned to capture maximum sunshine whilst enjoying far reaching views and a level area of garden is ideal for children. A garden room below the house with full head height currently provides excellent storage but would make an excellent home office or gym.

The house has been re-wired and re-plumbed, has a new roof and insulation, new uPVC windows and doors. There is no onward chain.

INTERIOR

The front door opens to a spacious hall which leads straight to the contemporary kitchen/ dining room where there is space for a large dining table and chairs and room for a comfy sofa, allowing family life to comfortably play out. The newly fitted kitchen area has sleek modern units incorporating a range of integrated appliances centred around a large kitchen island that provides additional workspace and an area for casual dining. The large picture window floods the room with light and overlooks the far-reaching views over the valley with a glass door giving direct access to the terrace.

A separate utility room is well fitted with wall and base units with integrated sink and space and plumbing for laundry appliances. The thoughtful design has incorporated built-in drying and airing racks and there is a door to the rear terrace.

The sizeable sitting room has uninterrupted southerly views through the full-length bi-fold doors that open to the decked terrace and fill the room with daylight, seamlessly merging the inside with outside spaces. In the winter months the glow of the wood-burning fire provides an alternative focal point. Returning to the hallway there are two double bedrooms overlooking the front garden one with fitted cupboards for storage. A family bathroom has a stylish bath and double width shower and a further newly fitted shower room is located off the utility room.

VIEWING BY APPOINTMENT ONLY

A contemporary oak and glass staircase rises to the first floor where there are two bedrooms including a fabulous principal suite with walk in closet, and en-suite shower room with walk in shower. This room enjoys stunning views over the Cockington Valley through the full-length sliding glass doors (Juliette Balcony to be fitted). The second bedroom is also a double room and has built in cupboards and a contemporary en-suite shower room.

OUTSIDE

The tiered front garden has been designed for low maintenance and planted with Mediterranean style plants which gives the house a fresh contemporary appearance. A resin-bound driveway provides space for off-road parking and leads to a small single garage with separate steps and a pathway leading to the front door. (The garage may not be large enough for modern cars).

Accessed from the kitchen, sitting and utility rooms is a large, decked terrace that runs the width of the house and has a glass balustrade giving uninterrupted views across the Cockington Valley and providing a secluded space to relax whilst enjoying the available sunshine. Steps descend to a superb, wide flagstone terrace with contemporary stainless steel post and cable balustrading. Set under the house is a garden room with door and window that would make an excellent home office, gym or workshop. Wide steps lead down to an area of level lawn perfect for children to play or for a sedate game of bowls.

Raised beds are planted to provide colour and interest and from the end of the lawn a pathway flows down to a concealed area of wild garden.
